

Who we are

Avila Prime Professional Services is a Small, Minority-Owned, and Service-Disabled Veteran-Owned Small Business (SDVOSB) specializing in cybersecurity governance, compliance, and IT transformation for both federal agencies and global enterprises.

With over two decades of combined expertise, Avila Prime delivers mission-aligned solutions that bridge operational risk, governance, and modernization.

Our team has supported initiatives for SAP SE (Project One Strike) and cybersecurity programs under DHS, providing audit readiness, risk management, and secure cloud migrations.

Leveraging frameworks such as NIST 800-53, RMF, CMMC, FedRAMP, and ISO 27001, we help clients strengthen cyber resilience, achieve compliance, and sustain operational continuity.

What Really Sets Us Apart

- **Certified SDVOSB / Small Business Enterprise**
- Dual expertise: Cybersecurity + Program Management
- Proven support for **federal and global clients**
- **Veteran-led**, results-driven, and compliance-focused
- Scalable solutions from small business to enterprise level

Operational Strengths

- Governance & Compliance
- NIST/ RMF implementation, CMMC & ISO 27001 & policy development
- Risk & Assessment
- Zero Trust reviews, POA&M tracking, and vulnerability remediation
- Program Support
- Secure cloud migration support for enterprise environments
- Architecture & Improvement
- Audit remediation, cyber metrics, and awareness programs

NAICS Codes

- 541519 - Other Computer Related Services
- 541512 - Computer Systems Design Services
- 541513 - Computer Facilities Management Services
- 541611 - Administrative & General Management Consulting

Our Core Values

- **Reliability** - We stay on top of every delivery—so your project never stops
- **Accountability** - We own every step, from planning to delivery
- **Integrity** - We operate with transparency, honesty, and professionalism
- **Innovation** - We use smart tools and processes to improve fuel service efficiency

Major Project Highlights

SAP SE — Project One Strike (Cloud Migration & Audit Compliance)

- Led NIST-based risk and ISO 27001 compliance audits
- Supported SAP's migration of enterprise products to a secure, cloud-based platform
- Designed remediation plans that enhanced control maturity and audit readiness
